# TNAS

Smart Humidity Elimination Plant; Because it follows you and your requirements and needs and it offers you the comfortable and convenient air you want in a timely and economical way. After adjusting the settings you want, our system detects seasonal transitions according to time and controls it accordingly. It also uses a user friendly interface with 7" touch screen which is very practical to use. Remote technical service can be provided via internet connection feature and time and financial savings can be made from the technical staff.

**Our main features which stand out from the standard systems;**

- Years of continuous and uninterrupted use with the smart/smooth seasonal transition.
- Easy to use with its 7" touch screen.
- Remote monitoring and control via internet connection.

## Dimensions

MODEL	L	H	W	HMAX
